Bad news first: Region gave us \$215K, but we spent **\$224.3K**, so your in the hole **\$9K**

Assuming 22 cans ~\$22K + \$9K= \$31K

Probably less

We could charge most travel to San German or split.....

The big question is when can we do Cabo.....could we work sat and sun??

Hard to say how San German is going to go, still not sure about those commercial bldgs...

But if we could port cabo Friday maybe down sat and up sun

Or if we cannot do sat and sun then friday ports, M and T cans

This table is contingent

Thank you,
